# SHIVA PULLA REDDY SAREDDY

+91 9347439878 ⋄ Bangalore, India

## OBJECTIVE

Demonstrates expertise in frontend web development with 20+ projects utilizing HTML, CSS, JavaScript, Angular, and React.js. Possesses foundational programming skills in Python and Java, and practical experience in SQL for effective database management and optimization. .

## EDUCATION

**Bachelor of Technology in Computer Science and Engineering** , Bharatiya Engineering Science and Technology Innovation University(9.2 CGPA)                                        2021 - 2025

**Intermediate in MPC** , Sri Gayatri Junior College(9.21 GPA)                                        2019 - 2021

## SKILLS

| | |
|---|---|
| **Technical Skills** | Front-end: HTML, CSS, Javascript, React JS |
| | Databases: MySQL |
| | Programming languages: Java, Python |
| | Dev Tools: VSCode, GitHub, Power BI |
| | VCS: Git |
| **Soft Skills** | Communication, Problem-Solving, Adaptability, Time Management, Attention to Detail. |

## PROJECTS

### 1. Social Media Analytics Solution (AWS Mini Project)

Tools: Amazon S3, Amazon Athena, Amazon QuickSight

Developed a dynamic social media analytics platform to track real-time trends and user sentiments across various social media platforms.

Implemented data storage solutions using Amazon S3 and leveraged Amazon Athena for querying large datasets to extract valuable insights.

Designed visually compelling and interactive dashboards with Amazon QuickSight, allowing for clear and actionable data-driven decisions.

Demonstrated proficiency in cloud computing, data analytics, and real-time sentiment analysis, contributing to enhanced brand engagement and marketing strategies.

### 2. Weather Forecast Website

Technologies: HTML, CSS, JavaScript

Designed and developed a fully responsive *Weather Forecast* website using front-end technologies, providing users with up-to-date weather data and forecasts.

Integrated real-time weather APIs, offering features such as location-based forecasts, temperature data, and weather conditions.

Ensured cross-browser compatibility, optimized performance, and a user-friendly interface, enhancing the overall user experience.

### 3. Customer Sales Data Analytics (Power BI Mini Project)

Tools: Power BI

Analyzed comprehensive customer sales data to identify key performance indicators (KPIs), sales trends, and revenue drivers using Power BI.

Built visually compelling dashboards and reports, facilitating data-driven decision-making for sales teams and business stakeholders.

Demonstrated expertise in data visualization, business intelligence, and reporting, enabling effective sales forecasting and performance analysis.

## EXTRA-CURRICULAR ACTIVITIES

**Attended Workshops on Emerging Technologies:**

Participated in weekly workshops focused on top technologies such as Generative AI and AI Tools, conducted by industry experts
